

### **List of paid services provided**

**1. Preventive examinations not included in the Program of state guarantees for the provision of free medical care to residents of the Kaluga region in 2021:**

specialist doctor (except drug addiction doctor, psychiatrist) 260.00 rubles  
narcologist RUB 175.00  
psychiatrist 175,00 rub.  
pre-trip, post-trip honey. inspection 136,00 rub.  
reception of a nurse (paramedic) 136.00 rubles.

**2. Reception according to the disease:**

one-time visit to a specialist doctor (except for an ophthalmologist) RUB 312.00  
One visit to the ophthalmologist 275,00 rubles.  
Consultative appointment with a neurologist RUB 467.00  
consultative appointment with an infectious disease doctor RUB 500.00

**3. Services of a dental office for treatment with expensive imported materials:**

medical pad "Ionozit" 48.00 rubles.

Calcipulpin, RUB 28.00

Glassin-base 41.00 rubles.

Gluftored RUB 35.00

filling made of photopolymer material

EsCom 100 RUB 713.00

filling from chemically hardening material "Karisma" 528,00 rub.

"Evicrol" 183.00 rubles.

"Citrix" for children. Reception 325,00 rub.

Kompolight 528.00 rubles.

restore Crowns with "Super-Dent" pin. 117,00 rub.

anesthesia with Ultracain 257.00 rubles.

anesthesia with the drug "Articaine" 224.00 rubles.

preparation for lay down. Mucous membrane "Octenisept" 51.00 rubles.

Tooth veneering RUB 1243.00

endodontic treatment: Endometasone paste

imported materials RUB 62.00

Estezon RUB 68.00

"Metapex" RUB 61.00

"Guttasiler" 29.00 rubles.

Gutta-percha pin RUB 22.00

"Silidont", "Silitsin", "Adgezor" 103.00 rubles.

"Glasen-Rest" 110.00 rubles.

**4. Diagnostic tests:**

X-ray

Digital fluorography of lungs	254.00 rubles.
-------------------------------	----------------

Radiography of the lungs	290.00 rubles.
Chest X-ray in 2 projections	296.00 rubles.
X-ray of bones and joints in 1 projection	349.00 rubles.
X-ray of bones, joints in 2 projections	518.00 rubles.
Radiography of the cervical spine in 2 projections	457.00 rubles.
X-ray of the thoracic spine in 2 projections	457.00 rubles.
X-ray of the lumbar spine in 2 projections	457.00 rubles.
X-ray of the spine, special examinations and projections	610.00 rubles.
Radiography of the pelvis and hip bones	352.00 rubles.
X-ray of ribs and sternum in 1 projection	500.00 rubles.
Radiography of the entire skull in one or more projections	370.00 rubles.
X-ray of the pyramid (temporal bone)	265.00 rubles.
X-ray of the temporomandibular joint	339.00 rubles.
X-ray of the nasopharynx	265.00 rubles.
X-ray of the paranasal sinuses RUB	265.00 rubles
X-ray of teeth (1 piece)	192,00 rubles
Sighting radiography of the turkish saddle	267.00 rubles.
Radiography of the heart with contrasting esophagus	691.00 rub.
Roentgenoscopy of the esophagus	290.00 rubles.
Roentgenoscopy of the stomach and duodenum	510.00 rubles.
X-ray control of the passage of contrast through the stomach, small intestine and colon	290.00 rubles.
Description of mammograms, computer and radiographic images taken in other medical organizations	93.00 rubles.
Irrigoscopy	785,00 rub.
A survey of the abdominal cavity and pelvic organs	290.00 rubles.
Plain urography (X-ray of the urinary system)	290.00 rubles.
Intravenous urography	785.00 rubles.
Ascending cystography	588.00 rubles.
Hysterosalpingography	1085.00 rubles.
Diagnostic mammography (2 mammary glands in 2 projections)	420.00 rubles.
Diagnostic mammography (1 breast in 2 projections)	277.00 rubles.
Conducting computed tomography studies without contrasting (one anatomical zone)	
Conducting computed tomography studies with contrasting bolus method	5880,00 rubles.

### Laboratory:

cholesterol LP VP	282.00 rub.
HLNP RUB	264.00 rub.
complete blood count	258.00 rub.
blood test (triple)	160.00 rub.
AST	130.00 rub.
ALT	130.00 rub.
cholesterol	103,00 rub.
total protein	126,00 rub.
thymol test RUB	80.00 rub.
total bilirubin	125.00 rub.
direct bilirubin	125,00 rub.
indirect bilirubin RUB	125.00 rub.

urea	98,00 rub.
creatinine	109.00 rub.
uric acid.	122.00 rub
alkaline phosphatase	128.00 rub.
calcium RUB	80.00 rub.
phosphorus.	108.00 rub
potassium	202.00 rub.
sodium	202.00 rub.
blood sugar	95.00 rub.
iron	120,00 rub.
rheumatic factor	174,00 rub.
C-reactive protein	180.00 rub
diastasis of urine	120.00 rub.
Rh factor	120.00 rub.
ABO blood group	130.00 rub.
blood clotting time	65.00 rub.
Duration of bleeding	65.00 rub.
UMSS	154.00 rub.
Total urine test	151.00 rub.
urine analysis according to Nechiporenko	182.00 rub.
KFK (creatine phosphokinase).	109.00 rub.
KFK MV	130.00 rub.
lactate dehydrogenase	127.00 rub.
triglycerides	126.00 rub.
OFSS	150.00 rub.
program	220.00 rub.
urine analysis according to Zimnitsky	133.00 rub.
transferrin saturation index	180.00 rub.
Coagulogram (AChTV + studied. Paracoagulation level)	670.00 rub.
AChTV	313.00 rub.
Trombin time	252.00 rub.
PTI (prothrombin time in blood)	105.00 rubles.
Gynaecological smears for purity of.	160.00 rubles
spermogram	600.00 rub.
analysis of feces for eggs wort	144.00 rubles.
Analysis of the scrape for enterobiosis (eggs)	144.00 rubles.
feces analysis for hidden blood	33.00 rubles.
Magnesium	121.00 rub.
Chlorine	120.00 rub.
MNO	230.00 rub.
Cil-Nilson smear	328.00 rubles.
Gamma-GT	163.00 rub.
Fibrinogen	133.00 rubles.
Definition of anti-streptolysin - O	104.00 rub.
LE cells (lupus).	438.00 rubles
alpha-amylase	164.00 rubles.
determination of antibody titer	428.00 rub.
study of the level of glycated hemoglobin in blood	451.00 rubles.
Protein fractions	685.00 rub.

Wasserman reaction	227.00 rubles.
free thyroxine (T-4)	326.00 rubles.
free triiodothyronine (T-3)	424.00 rubles.
thyroid hormone	346.00 rub.
autoantibodies to thyroglobulin	233.00 rub.
prostate-specific antigen (PSA)	478.00 rub.
free prostate-specific antigen	460.00 rub.
Determination of antibodies of classes A, M, G (IgA, IgM, IgG) to Clamidia trachomatis	519.00 rub.
Determination of antigen to hepatitis B virus in blood (HbsAg)	204.00 rub.
Definition of antigen to hepatitis B virus in blood (подтвержд.)	153.00 rub.
Determination of antibodies of classes M, G (IgM, IgG) to viral hepatitis C in blood	206.00 rub.
Determination of antibodies of classes M, G (IgM, IgG) to unstructured proteins (a-NS3, a-NS4, a-NS5) of hepatitis C virus in blood	153.00 rub.
Determination of antibodies of classes M, G (IgM, IgG) to antigen of viral hepatitis B (HbcAg) in blood	180.00 rub.
Determination of antigen to hepatitis B virus (HbeAg) in blood	183.00 rub.
Determination of class M (IgM) antibodies to viral hepatitis B (HbcAg) antigen in blood.	180.00 rub
Determination of class G (IgG) antibodies to viral hepatitis B (HbcAg) antigen in blood of	183.00 rub.
Determination of antibodies of classes M, G (IgM, IgG) to viral hepatitis A in blood	181.00 rub.
Determination of antibodies of classes M, G (IgM, IgG) to Mycoplasma.	604.00 rub
Determination of antibodies of classes M, G (IgM, IgG) to Ureaplasma	604.00 rub.
VPG-2m-Ig G	312.00 rub.
Determination of antibodies of classes M, G (IgM, IgG) to Cytomegalovirus	538.00 rub.
Determination of class G (IgG) antibodies to Cytomegalovirus	224.00 rub.
Research on the oncomarker "Antigen SA-125" for the detection of malignancies in the ovaries	509.00 rubles.
Determination of antibodies of classes A, G (IgA, IgG) to the rubella pathogen	731.00 rub.
Chelicobacter- Ig G	502.00 rubles.
progesterone	223.00 RUB.
testosterone	208.00 rubles.
follicle stimulating hormone	232.00 rubles.
luteinizing hormone	232.00 rubles.
prolactin	256.00 rubles.
cortisol	226.00 rubles.
CA cancer antigen 15	584,00 RUB.
dehydroepiandrosterone sulfate (DGEA-C)	320.00 rubles.

estradiol	347.00 rubles.
Alpha fetoprotein	506.00 rub.
cancer antigen SA-19,9	421.00 rub.
cancer antigen REA	478.00 rub.
GGT	163.00 rub.
Determination of antibodies of classes M, G (IgM, IgG) to Human immunodeficiency virus HIV 1	640.00 rub.
Determination of antibodies to SARS-Co V-2 coronavirus, Ig M	650.00 rub.
Determination of antibodies to coronavirus SARS-Co V-2, Ig G	650.00 rub.

### Ultrasonic

complex (liver, gallbladder, sub. iron, spleen)	756.00 rubles.
liver	162.00 rub.
gallbladder	162.00 rubles.
gallbladder with excretory functions	325.00 rubles.
pancreas	216.00 rubles.
spleen	216.00 rub.
pelvic organs	270.00 rubles.
fetal examination	350.00 rub.
kidneys, adrenal glands, bladder, prostate gland and testicles	702.00 rubles.
kidneys	162.00 rubles.
adrenal glands	162.00 rubles.
bladder with determination of residual urine	162.00 rub.
prostate gland and testicles	216.00 rubles.
thyroid gland and lymph nodes	378.00 rubles.
mammary glands and lymph nodes	648.00 rubles.
lymph nodes	216.00 rubles.
large joints	262.00 rubles.
consultation of the doctor of UZ-diagnostics	162.00 rubles.

### Functional

echocardiography with vascular examination	1485.00 rubles.
echocardiography.	515.00 rubles
ultrasonic dopplerography of fetal vessels	540.00 rubles.
researched. vessels with colored Doppler mapping	970.00 rubles.
ECG	179.00 rubles.
ECG (without reading)	116.00 rubles.
investigation of unprovoked respiratory volumes of m flows (spirometry, HPH)	277.00 rubles.
Holter blood pressure monitoring.	512.00 rubles
Holter heart rate monitoring (CM-ECG)	962.00 rubles.
Electroencephalogram (EEG) with computer processing	700.00 rubles.

### Endoscopic

oesophagogastroduodenoscopy. 745.00 rub.

- det. 815.00 rub.  
view. with a biopsy of 984.00 rubles.  
det. with a biopsy of 1105.00 rubles.  
rectoscopy in view. 395.00 rub.  
det. 455.00 rub.  
view. with a biopsy of 577.00 rubles.  
det. with a biopsy of 698.00 rubles.  
rectosigmoidoscopy 820.00 rubles.  
with a biopsy of 1182.00 rubles.  
diagnostic laparoscopy 1452.00 rubles.  
therapeutic and diagnostic 1815.00 rubles
5. Measurement of intraocular pressure 209.00 rub.
6. Perimeter 255.00 rub.
7. Skiascopy 168.00 rubles.
8. Biomicroscopy of eye media 209.00 rub.
9. Determination of anthropometric parameters 44.00 rub.
10. Blood sampling from the vein 84.00 rubles.
11. Test for the presence of alcohol vapors in exhaled air 67.00 rubles.
12. Points selection 252.00 rubles.
13. Examination for the state of alcohol. intoxication 336.00 rubles.
14. Issue of additional copy of certificate on Form No. 086/U 120.00 rub.
15. Mandatory medical examination of drivers  
Vehicles (categories and sub-categories A, B, BE, M, A1, B1)  
(therapist, ophthalmologist, psychiatrist, narcologist) 870.00 rubles.
16. Mandatory medical examination of drivers  
Vehicles (categories and subcategories C, D, CE, DE,  
Tm, Tb, C1, D1, C1E, D1E) (therapist, ophthalmologist, psychiatrist,  
narcologist, neurologist, otolaryngologist, echoencephalography) 2090.00 rubles.
17. Medical examination for medical  
contraindications to possession of weapons (in accordance with the Order  
Ministry of Health of the Russian Federation No. 441n of 30.06.2016 (medical examination by  
an ophthalmologist,  
psychiatrist, narcologist 610.00 rubles.
18. The cost of treatment in a 24-hour hospital at the compulsory medical insurance rate
19. The cost of treatment in a day hospital at the compulsory medical insurance rate
20. Intravenous injection 96.00 rubles.

21. Intramuscular injection 82.00 rubles.
22. Subcutaneous injection 71.00 rubles.
23. Dressing in case of violation of the skin 144.00 rubles.
24. Binocular vision study 112.00 rubles.
25. Testing for the presence of narcotic and psychotropic substances in the body by rapid diagnostics using immunochromatographic strips "IHA-5-multifactor" 480.00 rubles.
26. Chemical toxicological examination (preliminary) 600.00 rub.
28. Chemical toxicological examination (confirming),  
In GBUZ KO "Narcological dispensary of the Kaluga region" at rates  
institutions
29. Sampling of biological material - buccal epithelium  
(in court hearing) 576.00 rubles.
30. Medical care by the emergency medical team  
assistance in transporting patients within the Kaluga region  
(1h), excluding GSM 1000.00 rub.
31. Medical care by the emergency medical team  
Assistance in holding mass and sporting events (1 hour) 833.00 rubles.
32. Cleansing clinic 360.00 rub.
33. Stay in the room of increased comfort (1 bed-day) 700.00 rubles.  
of which VAT 117.00 rub.
34. Visit in connection with the receipt of medical documents 160.00 rubles.
- 35. Production and restoration of orthopaedic dental prostheses**  
  
Manufacture of removable prosthesis with one tooth from plastic 2523.00 rub.  
The same with 2 teeth 2622.00 rubles.  
The same with 3 teeth 2722.00 rubles.  
The same with 4 teeth 2821.00 rubles.  
The same with 5 teeth 2920.00 rubles.  
The same with 6 teeth 3019.00 rubles.  
The same with 7 teeth 3120.00 rubles.  
The same with 8 teeth 3325.00 rubles.  
The same with 9 teeth 3449.00 rubles.  
The same with 10 teeth 3573.00 rubles.  
The same with 11 teeth 3696.00 rubles.  
The same with 12 teeth 3841.00 rubles.  
The same with 13 teeth 4002.00 rubles.  
The same with 14 teeth 4185.00 rubles.  
Replacement or installation of 1 additional plastic tooth 744.00 rubles in the prosthesis.  
The same with 2 teeth 814.00 rubles.  
The same with 3 teeth 884.00 rubles.

The same with 4 teeth 954.00 rubles.  
Manufacturing of occlusive lining (legs) 468.00 rub.  
Soldering of parts (1 soldering) 236.00 rub.

Production of stamped steel reducing crown 917.00 rub.  
Production of stamped steel crown with plastic lining 1829.00 rub.  
Manufacture of plastic crown 1284.00 rub.  
Manufacture of plastic crown with pin 1932.00 rub.  
Manufacture of a tooth cast from steel 877.00 rubles.  
Manufacture of cast tooth from steel with plastic facet 1346.00 rubles.  
Production of tooth cast of HKS of 1233.00 rub.  
Cementation of the crown and tabs Fuji-plus 926.00 rubles.  
Cementing of the crown with domestic cement 136.00 rubles.  
Tab 1667.00 rub.  
The cost of spraying is defined as the cost of 0.5 notional unit of labor 459.00 rubles.

Initial examination by an orthopedic dentist 298.00 rub.  
Removal of impressions from the material (except gypsum), 1 impression 271.00 rubles.  
Manufacturing of diagnostic control model, 1 model 330.00 rub.  
Relocation of old removable prosthesis, removable orthodontic apparatus during treatment 711.00 rub.  
Removal and cementation of the old crown 149.00 rub.  
Additional soldering of parts 255.00 rub.  
Polishing, separation 3-4 (1 visit) 319.00 rub.  
Elimination of 1 fracture in removable prosthesis 673.00 rub.  
Elimination of 2 fractures in removable prosthesis 762.00 rub.  
Replacement or installation, transfer of 1 clammer (1 prosthesis) 906.00 rub.  
The same 2 clammers 1002.00 rubles.  
Manufacturing of soft lining to the basis of removable prosthesis 746.00 rub.  
Manufacture of individual rigid spoon 876.00 rub.  
Removal of cast crown or MK 620.00 rub.  
Preparation of root canal for pin prosthetics 1137.00 rub.  
clammer 255.00 rub.  
Klammer sprayed 307.00 rubles.  
Correction of removable prosthesis 479.00 rub.  
Restoration of the plastic lining of the crown or facet 753.00 rubles.  
Consultation of an orthopaedic doctor 312.00 rubles.  
Anesthesia with the drug "Lidocaine" 94.00 rubles.  
Research on the diagnostic model of jaws (setting teeth in the articulator) 1000.00 rubles.
